CANDY NOT INCLUDED

This artisan-crafted dispenser filled with **mouthwatering** ['Fla•Vər] will add to the sophistication and charm of any space with its clean and simple design. One touch of a button dispenses a perfect portion of the gourmet goodness known as ['Fla•Vər] candy (sold separately). The remaining display of **NATURAL** sweetness inside stays untouched and free of germs. The stylish ['Fla•Vər] dispenser has a small footprint. Standing at 9" tall, it has a glass display top that sits securely over a natural bamboo base (3.75" W x 3.75" D).

Irresistibly easy to refill, the ['Fla•Vər] dispenser has an efficient, **spill-proof** trigger release system. Simply turn the assembly over, pull the trigger to unlock the top and refill the candy (holds 1lb Refill). Reassembly is just as easy by triggering the lock back into place. An interchangeable "Enjoy" tag is included with each dispenser.

['Fla•Vər] refills include a tag identifying the flavor. Display your ['Fla•Vər]'s "flavor" or adventurously mix and match and simply let everyone **"enjoy"** the mystery.
